## COURTHOUSE BIDS WILL BE OPENED FEB. 14

The Adams County commissioners today set February 14 at 10 a.m. as the time for opening bids for renovations in the courthouse.

A general construction contract plus another for the electrical work and one for plumbing will be signed and the contracts will call for the work to be completed within 90 days of the start of work.

Scheduled for construction will be enlargement of the present register and recorder's office at the courthouse, plus renovation of the toilet facilities in the basement of the structure.

With the completion of the work, the register and recorder's office will include the present chief assessor's room on the first floor of the courthouse and the present Child Welfare Services office will be included as part of the vault for the register and recorder's office.

### PUBLIC TOILETS POSSIBLE

In the basement, the toilets will be renovated, new doors and new partitions put in and other doors closed. The construction will make the toilets more accessible to the public, may result in an establishment as public rest rooms for the community, depending on whether cooperative financing, staffing and maintenance can be worked out with the borough of Gettysburg.

This afternoon the commissioners met with County Civil Defense Director William G. Weaver to discuss the proposed "sheriff's radio network" which will — if it can be worked out — provide radio communications between the sheriff, jail and various police forces of the county somewhat similar to the present "Quick Call" setup for fires and emergencies. At present Gettysburg and Littlestown police utilize the firemen's radio system but under FCC regulations will not be able to continue to do so after 1963.

## TALKS TO CLUB ABOUT MEMORY

Elwood Hartman, proprietor of Hartman's Hobby Shop and former assistant at the Gibson Institute, near Philadelphia, which specialized in Dale Carnegie courses, Tuesday evening addressed the Exchange Club on "You and Your Memory" at the Lamp Post Tea Room.

Hartman said that only two things are needed to make memory work, faith in ability to remember and the desire to remember. He said the individual must put into practice these two things in order to benefit from memorization.

Hartman applied the stacking technique in getting the club to remember 20 various objects. "By concentration and thinking about it," he added, "it is easy to remember."

Hartman, a graduate of Bloomsburg State College, said that the peak of mental ability is about 20 years of age, and the individual retains this peak until he is 40. From then, he continued, mental ability declines only about 15 percent, and "there is no such thing as 'old age makes me forget.'"

President Ralph K. Will, presided with 25 members attending.

### DRIVER CHARGED

Justice of the Peace Robert P. Snyder has sent a 10-day notice to Donald G. Bowling, Gettysburg R. 3, on an information filed by borough police for reckless driving.

## Tough New Farm Program Given Congress By JFK

By OVID A. MARTIN

WASHINGTON (AP)—President Kennedy sent a tough new farm program to Congress today which would give the nation's farmers this choice: accept much tighter production controls on surplus products or face a cut-off of most federal price supports and other aid.

Kennedy said in a special message that his proposals are designed to slice an estimated \$5 billion off farm programs over the next four years. The programs otherwise would cost more than \$12 billion during that period.

Additional aims are to boost farm income and reduce costly farm surpluses now in government hands, he said.

### COULD DUMP SURPLUS

Farmers growing wheat, corn, oats, barley and sorghum grains would lose all price supports if they did not go along with acreage allotments and marketing quotas set under the new program. In addition, the govern-

## Cuba's Communist Regime Blasted By 20 Nations, But Only 14 For Expulsion

By WILLIAM L. RYAN

PUNTA DEL ESTE, Uruguay (AP) — Twenty American nations unanimously condemned Cuba's Communist regime today, but the United States could muster only the necessary two-thirds majority for the vote directing the speedy expulsion of Prime Minister Fidel Castro's regime from the councils of the inter-American family.

The biggest and most powerful nations in Latin America jettisoned the United States by refusing to vote for the expulsion "without delay" of the Castro government from the Organization of American States and its various agencies. The vote was 14-1, with Cuba voting no and the go-slow bloc of Brazil, Argentina, Chile, Mexico, Bolivia and Ecuador abstaining.

The consensus at this hemisphere foreign ministers' conference was that the six nations had given the Kennedy administration's Latin-American policy a severe blow. The six contended

## 4 INDUSTRIES CONSIDERING GETTYSBURG

The industrial committee of the Gettysburg Chamber of Commerce is currently "working with four industries which are planning a move," according to reports Tuesday at a meeting of the committee at the Lamp Post Tea Room.

Every effort is being made to interest the industries in Gettysburg as a site for their new plants, according to the reports at Tuesday's meeting. A committee from the group was selected to visit a prospective industry in Baltimore to explain the values of the Gettysburg area as an industrial location.

James T. Hays, chairman of the promotion subcommittee of the industrial committee, told the group that the "100,000 square feet of floor space we had available for industry has just about vanished. Some is being used otherwise at the present time and most of the rest is unsuitable for the particular industries with which we are working at the present time."

Reports were presented from the statistical subcommittee headed by Douglas Houston, the promotion subcommittee headed by Hays and the property subcommittee headed by William Bigham to bring all members up to date on activities at the present time and familiarize new members of the committee with actions that have taken place previously.

J. Howard Gaines, former chairman of the industrial committee who had to relinquish the chairmanship when he was named a director of the Chamber of Commerce, praised his successor, Frank Timlin, and told the committee that "we are extremely fortunate in obtaining a man with the capabilities of Mr. Timlin as chairman of the industrial committee." Gaines has been named liaison with the industrial committee since being appointed director.

## CIVIC AFFAIRS COMMITTEE OF CC GETS BUSY

Plans to conduct a "political action" course here were outlined by the civic affairs committee of the Gettysburg Chamber of Commerce at its meeting Tuesday afternoon at the Lamp Post Tea Room.

It is designed to give "a better insight into how our government works," according to the committee members.

Mayor William G. Weaver agreed to serve with a committee seeking "a way to solve the peddler problem" in the community.

### OTHERS ASSIGNED

Walter B. Lane was appointed chairman of a committee to promote the theme "Let's keep business in Gettysburg."

Noting the "numerous excellent programs at the college which are open to the public" the committee decided during the year to seek to promote more attendance by community residents at the college-sponsored activities.

Ralph Will was named chairman of the municipal subcommittee of the civic affairs committee; Robert Codori, educational subcommittee chairman and Attorney Donald G. Oyler, legislative subcommittee chairman.

The next meeting of the committee will be held February 20 at the Lamp Post.

Current state plowing champions are Myron A. Young, Chambersburg R. 3, in contour plowing, and Charles C. Wessner, Kutztown R. 2, in level land plowing.

## MOTHER SAVES TWO CHILDREN AS HOME BURNS

Quick action on the part of the daughter of Alva Ray McCurley Tuesday afternoon saved her two small daughters from injury when fire swept McCurley's home along the Biglerville-Heidlersburg Rd., Gettysburg R. 4.

Damage was estimated at \$4,000 to the two-story brick house and \$1,000 to furniture. The fire destroyed the bedroom where the two small children were sleeping.

Sterling Roth, Biglerville fire chief, said the two had been put to bed for a nap and the mother also lay down. Soon she smelled smoke and found fire sweeping up the east side of the house through the floors. She rushed her children outside to safety, then found she was blocked by fire and smoke from reentering to save clothing and call firemen. She flagged a passing auto and went to a neighbor's home to call Biglerville firemen.

On their arrival at the scene, about 2:30 Tuesday afternoon, Biglerville firemen radioed Aspers and York Springs firemen to assist.

Chief Roth said the blaze apparently started from wiring in the basement. He made a plea for two beds, plus clothing for the two small girls, one of whom wears size five clothing and the other size six. All of the children's clothing was destroyed. Clothing was secured from neighbors to send the children to school this morning.

## PREACHING MISSION TO END TONIGHT

The Gettysburg preaching mission which opened Sunday evening will be concluded this evening with a service at 7:30 o'clock in the Memorial EUB Church when the host pastor, Rev. Donald L. Harper, will deliver the sermon. The service this evening will be conducted by Rev. Dr. Paul L. Reaser, pastor of St. James Lutheran Church. The host church choir will provide the special music.

The importance of prayer in the life of an individual and in world affairs was emphasized in Tuesday evening's sermon by Rev. Edwin W. Coddington, Baptist pastor, in the St. Paul's AME Zion Church. Citing the zeal and inspiration of the early church, Rev. Mr. Coddington said: "We need a new vision of the task God has set before us." He noted that Paul had written to Timothy that "men ought to pray everywhere," and he said that "real prayer is work, it is heart-searching, humbling and brings us to sense our own inadequacies."

### SPECIAL MUSIC

He noted that being able to "pray everywhere means keeping ourselves from places where we could not take God with us. There is great need today for dedicated men and women who have laid

## Space Shoot Delayed To February 13

By HOWARD BENEDICT

CAPE CANAVERAL, Fla. (AP)—John H. Glenn Jr. now must wait at least 13 more days for his historic date with the heavens because of troubles with the Atlas rocket which is to lift him into orbit around the earth.

The problem turned up Tuesday during a fueling test of the Atlas, and the National Aeronautics and Space Administration announced the off-postponed launching was off until Tuesday, Feb. 13, at the earliest.

### SHRUGS IT OFF

High-powered kerosene was being poured into the rocket as preparations were under way to start the final two-day countdown aimed at a Thursday morning launching. A leak developed in the fueling system and the kerosene spilled over onto vital parts of the missile.

Glenn, according to a NASA spokesman, accepted the sixth postponement of the launching with a shrug.

### FEW DAYS OFF

Glenn was quoted as saying, "Sure, I'm disappointed, but I don't think we should fly until all elements of the mission are ready. When we have completed all our tests satisfactorily then we'll go."

The 40-year-old Marine lieutenant colonel planned to take a few days off to visit his wife Annie and two teen-age children in Arlington, Va.

The Atlas trouble is believed to be the same which caused a four-day postponement last week of the Ranger 3 moon shot.

A giant fleet of 24 Navy ships was recalled from recovery operations. They were spread across the Atlantic Ocean, ready to retrieve Glenn and his capsule.

## Mrs. Fidler Named To State Committee

Announcement has been made by the Pennsylvania Council of Republican Women of the appointment of Mrs. Alfred J. H. Fidler, Bendersville, to serve on the legislative advisory committee of the Pennsylvania Council of Republican Women for this year. This is the first time that Adams County has been represented on this committee which is empowered by the board of the Pennsylvania Council of Republican Women to endorse or oppose bills pending before the legislature. State legislation recommended at the November convention of 1961 included: A constitutional amendment to make the office of the attorney general elective; curtailment of the continuing "socialistic increase" in government spending in order to check the growing rate of taxation; endorsement of the spirit of the Newburgh "Thirteen-point Plan"; enforcement of national and state laws with regard to obscene literature; adoption of a resolution by the General Assembly, endorsing the "Liberty Amendment" pending in Congress which has to do with the freedoms of government as set forth in the Constitution.

Mrs. Meade D. Detweiler Jr., Dauphin County, is chairman of the legislative advisory committee for the 1962 session. Mrs. Fidler is one of 22 members representing councils in Lehigh, Lycoming, Cambria, Butler, Adams, Chester, Lancaster, Northampton, Bucks, Blair, Delaware, Philadelphia, York, Juniata, Berks, Bradford, Montgomery and Lebanon Counties.

## Signup Period For Feed Grains Near

The signup period for corn and grain sorghum under the 1962 feed grain program will begin Monday and will run through March 30. J. Glen Miller, office manager for the Adams County Agricultural Stabilization and Conservation committee, has announced.

Under the program, Miller explained, farmers help bring production into line with demand by diverting feed grain acreages of corn and grain sorghums to approved conservation uses. The early signup dates will give the farmers and farm servicing industries an opportunity to make early plans for the coming crop year.

As outlined by Mr. Miller, the main provisions of the 1962 feed grain program are: Voluntary participation, acreage diversion of not less than 20 per cent of the base acreage (1959-1960 average) as adjusted, "advance" payments, and price support to cooperators on the normal production of acreages planted to feed grains.

### Say Encephalitis Is Not Spreading

HARRISBURG (AP)—There appears to be no spread of encephalitis through the Greater Harrisburg area, reports Health Secretary Charles L. Wilbar.

Wilbar, commenting on the death of three school children, said Tuesday:

"Information on hand at present in the State Health Department would suggest that there is no cause for alarm about an unusual communicability or spreading of this type of disease."

The children—two from Mechanicsburg and one from Lykens—died Sunday from a condition which was clinically diagnosed as encephalitis or inflammation of the brain.

The clinical course of the disease and the gross findings on autopsies in two cases indicate that this was a virus type of brain infection," Wilbar said.

He added that the specimens have been sent to the virus diagnostic laboratory in Philadelphia to determine what type of virus was involved, but this will take three to four weeks for determination.

WASHINGTON (AP)—Former Secretary of State Christian A. Herter Sr. has been labeled "pure and utter speculation" reports that he will run for Congress in Massachusetts this year.

Herter told newsmen Monday "there is nothing in" a report that he will head a slate of Republican candidates in an at-large race for 12 House seats if Massachusetts is redistricted to eliminate two seats.

## COUNTIAN IS CHARGED FOR AUTO DEATH

A 24-year-old Adams County man, involved in a fatal highway accident at the Sticks intersection in southern York County on August 12, was arrested by state police Monday night on a charge of involuntary manslaughter.

Justice of the Peace Oliver C. Nace, York, before whom the information was made by State Trooper Jack Zelinski, said the accused, whom he identified as Maurice N. Rill, New Oxford R. 2, waived hearing and was released on \$500 bond for his appearance in court.

A coroner's jury on December 6 placed the blame on Rill for the highway death of Joseph W. Grammer, 64, Baltimore, in a two-car accident at the intersection.

The fatal crash prompted an investigation of the busy crossing of the Hanover-Glen Rock and Jefferson-White Hall, Md., highways by both the State Highways Department and York motor clubs as to traffic control. As a result, it was made a four-stop intersection.

Zelinski testified at the inquest that Rill told him at York Hospital, where he was treated for bruises and discharged, that he was new in the area, didn't see the stop sign on Route 516 and went through the intersection.

Records show Grammer died instantly of a broken neck and crushed chest and that his wife, Fannie Rosella Grammer, was seriously injured in the collision.

## SEND TROOPS TO GUARD 12 AMERICANS

LEOPOLDVILLE, the Congo (AP)—An armed column of Malayan troops and scout cars is penetrating deep into terror-stricken Kivu Province to assure the safety of 12 Americans at a Protestant mission, the United Nations announced today.

A U.N. spokesman said no news of specific danger to the mission at Kama had been received, but in the absence of any word from the station the United Nations is acting as a precaution.

American consular officials said the mission headquarters at Wheaton, Ill., had received word from the Kama station the first week in January and was not unduly worried.

The missionaries belong to the Protestant Evangelical Mission of Maniema, associated with the worldwide Grace Testimony of Wheaton.

Kama is on the fringe of the wild and remote sector of Kivu Province recently terrorized by marauding soldiers from the former rebel capital of Stanleyville.

## Portugal Slapped By U.N. Assembly

UNITED NATIONS, N.Y. (AP)—The U.N. General Assembly slapped Portugal again Tuesday night with landslide approval of an Asian-African demand for an end to repression in Angola and an immediate start toward independence for that West African colony.

The assembly approved the resolution by a 99-2 vote with one abstention. The stinging rebuke to Portugal aroused speculation if dictator Antonio Salazar would cut his throat to quit the world body Portugal joined six years ago.

Only Spain and South Africa voted against the Asian-African resolution, which was approved after more than two weeks of debate marked by heated denunciations of Portugal's policies. France was the sole abstainer.

The only consolation for Portugal was the defeat of a much tougher Communist proposal to condemn Salazar's colonial policy and call on the Security Council for punitive action. This resolution was defeated 26-43 with 32 abstentions.

CHICAGO (AP)—Rickie Oprondek, 10, a model airplane builder and an altar boy, left home Sunday morning carrying \$4 and a prayer book to attend Mass.

He got home from Mass, by way of San Francisco and a round-trip jet flight on Tuesday night.

While police and his distraught parents sought the missing boy, he was found in San Francisco. HADN'T PLANNED TRIP

He got to the Golden Gate city, he said, by sneaking aboard an American Airlines jet passenger plane Sunday night. "I didn't want to go nowhere," he said. "I wanted to see how it (the jet plane) looked. And it started. I didn't know the plane was going to take off."

Rickie said after the plane took off he wanted to tell the stewardess he was a stowaway. "But I was too scared," he explained. He spent two days in San Francisco, most of the time wandering around International Airport looking at airplanes and asking airline personnel questions about flights.

Airport employees noticed the boy was alone and alerted police.

## LITTLESTOWN POLICE QUIT

Calvin Mummert, police chief at Littlestown, has submitted his resignation to Mayor Earl L. Stites effective February 15, it was reported today.

Mayor Stites confirmed the resignation and said Mummert was resigning to take a "much better job." He refused to elaborate on the resignation.

Mummert's resignation may leave Littlestown without any policemen since he was the only policeman on the two-member force for the town. The borough council at its meeting January 23 accepted the resignation of Edward T. Kowalczyk, effective at midnight tonight.

Stites said the council has received several applications for the position of patrolman, the deadline being February 10. The mayor, who has charge of the police force, could possibly appoint a policeman until someone is hired by the community.

Secretary of Labor Arthur J. Goldberg announced that employment dropped by 1.4 million to 65,058,000 in January while unemployment increased by 372,000 to 4,663,000.

However both these changes were less than seasonally expected.

Employment usually declines in January due to post-Christmas lags, while unemployment increases because of the winter weather.

Actually the January employment total, while a drop from December, was at a record for the month. The January idle total was 700,000 below the unemployment figure recorded in January 1961.

## FARMERS TOLD ABOUT GAME CONSERVATION

Money raised from the sale of antlerless deer hunting licenses is used to purchase feed for the deer herds during the winter months, Joseph Chick of the state Game Commission told the Gettysburg Young Farmers at their meeting Tuesday evening in the high school here.

Chick, outlining "Conservation of Game," told the group that the antlerless deer season is needed to keep down the numbers of deer "to a level where the food supply equals the number of deer. The result is better, healthier herds, less starvation and death on the part of the deer." A member of the game commission for 25 years, Chick said the "commission tries to please the farmer, the hunter, the forester and the orchard man. Sometimes their viewpoints are different."

John Schwartz, chairman of the program committee, announced plans for a local tour February 13 which will leave the local high school at 12:30 in the afternoon and will visit Inland Container Corporation, a new stanchion barn of Van Arsdale and Sons, a steer feeder of Glen Slaybaugh and the new dairy housing operation at the G. L. Hartman farm.

Plans were also made for an all-day tour to Baltimore March 27 with reservations for that tour to be in the hands of the committee March 13.

An embargo on arms trade between Cuba and the OAS members was carried 16-1, with Cuba voting no and Brazil, Chile, Ecuador and Bolivia abstaining. The resolution also directs the OAS Council to study the possibility of extending the embargo to other articles, especially those considered of strategic importance.

TO SIGN TONIGHT

A resolution calling for defense against international communism was approved 19-1, with Cuba voting against and Bolivia abstaining. The resolution asks the OAS "to maintain all vigilance necessary" to prevent aggression, subversion or other dangers to peace and security and directs the OAS to create a special consultation committee to aid those nations which request assistance on security problems.

The foreign ministers set formal signing of the resolutions and conference declarations at a closing session tonight.

## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times  
TWENTY-FIVE YEARS AGO

**January Too Warm, Too Rainy And Too Cloudy:** The month of January has gone down in the records of Dr. Henry Stewart, local official weather observer, just as Gettysburgians remember it—an unusually warm, wet and gloomy month.

Comparison with records of weather observations here taken over a long period of years shows that there was an excess of 275.9 degrees of temperature for the month; 2.76 inches more than the average amount of rainfall during the 31-day period, and less than half as much sunshine as is usually enjoyed here during a month could be termed "average cloudy."

**House Burns At Starner's; Loss Placed At \$1,500:** An overheated chimney was given as the cause of a blaze which completely destroyed the two-story frame dwelling of William Snyder, Starner's station, a mile east of Peach Glen, about 5:45 o'clock Tuesday afternoon. All of the furniture and the household goods were saved by members of the family, neighbors and Bendersville firemen who were called to the scene.

**H. C. Sanders, 81, Dies Suddenly:** Cutting Wood: Henry Calvin Sanders, 81, prominent Adams county farmer, died suddenly this morning at about 10 o'clock from the effects of a heart attack suffered as he was helping cut wood at his home, one and one-half miles west of Fairfield.

The deceased was in his usual health this morning and had gone with his son, Mervin, to help cut wood when the attack occurred.

**Dr. S. W. Frost Transferred To State College:** Dr. Stewart W. Frost, entomologist at the Arendtsville extension laboratory since it was established 18 years ago, is to be transferred to Pennsylvania State college upon his return from a scientific expedition upon which he is now engaged in Central America. At the college he will be in charge of resident instruction in economic entomology. The promotion is effective July 1.

**C. A. Bixler Is Elected C. Of C. President Here:** C. A. Bixler, manager of the United Telephone office, center square, was elected president of the Gettysburg Chamber of Commerce at a meeting of charter members in the fire engine house, East Middle street, Wednesday evening.

In accepting the office, Mr. Bixler asked for the support of the members of the chamber and promised his best efforts to make the organization a success.

**Engagement Of Miss Miller To Teacher Is Told:** Dr. and Mrs. Edgar A. Miller have announced the engagement of their daughter, Marion, to Herbert Walde-mar Schroeder, of Dolgeville, New York. The announcement was made at a dinner party held at their home on Thursday evening.

Miss Miller is a graduate of Hood college of 1935. At present she is doing graduate work at Gettysburg college. She is a member of the Beta Lambda sorority.

Mr. Schroeder was graduated from Gettysburg college in the class of 1933. He is a member of Theta Kappa Nu, national social fraternity; of Eta Sigma Phi, honorary classical fraternity, and of Phi Beta Kappa, honorary scholastic fraternity.

**PUSEY HOUSE BILL**  
HARRISBURG (AP)—A bill introduced Tuesday in the House would appropriate \$31,000 for the repair and restoration of the Caleb Pusey House in Upland, Delaware County. It was sponsored by Reps. E. E. Lippincott III, R-Delaware; Joseph W. Isaacs, R-Delaware; John E. Gremminger, R-Delaware, and Francis Worley, R-Adams.

ADVERTISE IN THE TIMES

## Today's Talk

SERVE YOURSELF AND SAVE

In walking down the street one day I came across a sign which read: "CAFETERIA, Serve yourself and save."

I was struck by this significant subtitle. I thought: If we would only serve ourselves more we would save in a thousand ways.

Of course, when you serve yourself, you serve others, for you inspire in them that incentive which alone is essential for all success or happiness. We must educate ourselves. We must fortify ourselves. We must prepare ourselves as fine instruments that others may have the use of us.

Serve yourself—and you save. Nothing is truer. For the things you gain by your own efforts stay by you and become a part of you. Yet you may keep giving what you have accumulated—and still be very rich.

There are those who are so afraid they will do something for themselves that they are unable to do anything for anyone else. The millionaire who delights in giving away to worthy causes first had to get that wealth for himself.

And there is the other side. When you are someone else you always serve yourself—and also save. You save a loyal friend in whom there is a world of wealth—an intermixture of faith, inspiration and love.

And if you get the habit of serving yourself, you know what you know. You are not dealing in something second hand. You create from what you discover. You put it out at interest. You gain a profit but the principal is spread out.

Serve yourself—and save. And it is best that you figure out in your own mind just how you can save most and serve best.

Tomorrow Mr. Adams will talk on the subject: "A Great Art!"

## Just Folks

THE JOY OF LIFE

I do not wish for riches vast,  
Nor fame or high estate;  
I do not care when I walk past  
To have men call me great.  
The joy of life is all I ask,  
In perfect peace to dwell,  
Beneath the summer sun to bask,  
To live and dream a spell.

For one need not be right or great  
Or even known to fame.  
'Round humble cot or vast estate  
Earth's glories are the same.  
The same sun shines upon us all,  
The same stars gleam at night;  
The flowers that deck the garden wall  
The poorest man may sight.

Then grant to me the joy of life,  
And I'll not ask for more.  
For in the heat of bitter strife,  
I know when it is o'er  
Beneath God's sky I'll take my rest

And glory in its blue;  
With peace and love within my breast  
As God meant we should do.

## FIND 4 FLIERS AT WRECKAGE

TEHRAN, Iran (AP)—A U.S. medical team found four U.S. airmen alive Tuesday near the wreckage of their small Army airplane high up on snow-covered Zardkyh Mountain where it crashed last Saturday, U.S. authorities reported.

There was no word of a fifth airman who previously was reported aboard, and identities of the four survivors were withheld by American officials.

The U.S. Defense Department had said the five men aboard the plane on a flight from Tehran to Duzful in southwest Iran were Maj. Donald A. Carter, Rayville, Mo.; the pilot; Col. Walter M. Vann, Monroe, N.C.; Lt. Col. Walter R. Johnson, Baldwin, N.Y.; Capt. Daniel L. Knotts, Atlanta, Ga.; and Spec. 5 John E. Porter, Springfield, Ill.

The single-engine plane plunged into deep snow about 12,000 feet up the mountain. Bad weather had prevented rescue teams from reaching the plane earlier although supplies had been dropped from the air.

## JORDAN HAS HEIR; MOTHER IS PRINCESS

AMMAN, Jordan (AP)—King Hussein's British-born wife gave birth Tuesday to a crown prince for Jordan, and the grateful king in turn raised his young commoner wife to the rank of a royal princess.

The palace announced "Her Royal Highness Muna al Hussein gave birth to a baby boy at 5:27 a.m. today. Our crown prince was named Abdullah."

The announcement said the baby weighed 8 pounds 13 ounces and that the birth was normal. Hussein has a daughter almost 6 years old by his divorced first wife, ex-Queen Dina, but daughter has no right of succession to the thrones of Moslem countries.

**PRINCESS IS 21**  
Hussein was married to the former Toni Averil Gardiner, daughter of a British army adviser to Jordan's army, last May 25. She then was given the name of Muna al Hussein—"Hussein's wish"—and the title of "Her Gracious Ladyship." The announcement today disclosed she has been made a royal princess.

Princess Muna is 21. The king is 26. The new crown prince was named Abdullah for Hussein's grandfather, the first king of Jordan after Britain created it as a sovereign state in 1946. Abdullah was assassinated in 1951. Hussein's father, King Talal, was deposed by Parliament in 1951 after he became mentally ill.

## SEVERE COLD GRIPS MOST OF EASTERN U.S.

**By THE ASSOCIATED PRESS**  
A blast of cold air enveloped most of the eastern half of the nation today, marking the end of a frigid month in many sections.

Below-zero weather stung wide areas in the Midwest and Northeast and freezing temperatures dipped into the Southland.

As the cold air moved southward, light snow fell in most of Kentucky, in West Virginia and coastal sections of Virginia and North Carolina.

**16 BELOW ZERO**  
In Minnesota, the mercury dropped to 16 below zero in International Falls after reaching a high of -8 Tuesday. It was -8 in Minneapolis.

In New England, gusty winds hit some of the below-zero sections. Temperatures ranged from -12 in Lebanon, N.H., to 8 above in Boston. It was -8 in Houlton and Caribou, Maine; -6 in Burlington, Vt., and -4 in Montpelier, N.H.

In upstate New York temperatures were generally zero to 10 below, with a reading of 12 below reported in Massena. New York City, comparatively free from wintry blasts this season, got a touch of icy air as the mercury dropped to 13, the season's lowest mark.

Chicago had its 10th day of below zero during January compared to a normal of 3. It was -1 in Chicago and -7 in nearby Joliet, Ill.

## Bitter Cold Across Pa. This Morning

**By The Associated Press**  
Bitter cold enveloped Pennsylvania today with subzero temperatures in some areas.

The U.S. Weather Bureau said slightly warmer air could be expected tonight, but would not offer much relief as temperatures once again should head toward zero.

Low temperature readings included Brookville, Somerset and Philipsburg, each 3 below zero; Johnstown, Warren and Parker, 2 below; Pittsburgh, 1 below; Franklin and Meadville, zero; Bradford, 4 below; Altoona, 5 above, and Erie, 7 above.

## Fire Destroys 3 Wooden Buildings

MEADVILLE, Pa. (AP)—A wind-whipped fire destroyed three wooden buildings housing five businesses Monday night in the business district of nearby Cochran-ton.

No one was injured. Flames leaped 150 feet into the air and cast an orange light seen for miles. Witnesses said sparks as big as a man's fist were blown over the area.

Fourteen fire companies from Mercer, Crawford and Venango Counties battled the fire for an hour and a half. Some fire-fighters were called from 15 miles away.

The blaze knocked out electrical power all over the community of about 1,200.

Firemen said the fire apparently started in a furniture store, then leveled a hardware store, restaurant radio shop and barber-shop. The cinder-block wall of a food store halted the flames.

## DOPE ADDICTS ON DECLINE IN PENNSYLVANIA

**By DAVE LEHERR**

HARRISBURG (AP)—The number of known dope addicts in Pennsylvania has dropped sharply over the past 10 years, a state narcotics expert reported today.

Donald F. Walter, narcotics investigation supervisor for the State Health Department, said federal statistics showed only 585 known active narcotics addicts in the state in 1960.

Ten years ago, the figure was close to 1,000 Walter noted. He predicted that the 1961 totals now being compiled by the Federal Bureau of Narcotics should even be lower than the 1960 figure.

## THREE-EDGED SWORD

The federal government listed almost 45,000 active narcotics addicts in the United States in 1960.

Walter credited the steady decline in Pennsylvania to what he called "the three-edged sword of education, enforcement and rehabilitation."

"Pennsylvania is constantly stepping up its program of education in schools and colleges on the problems of addiction, how one becomes an addict and what to avoid," he explained. "The cooperation of federal, state and local officials in cracking down on illegal narcotics also has contributed heavily toward the decline."

But the most significant factor, according to Walter, has been Pennsylvania's program of rehabilitation and treatment for the narcotics user.

## HEALTH PROBLEMS

"We look on narcotics addicts as health problems, not criminals," he said. "We are out to help these unfortunate people, not to put them away."

Walter said some thought has been given to setting up a special state hospital exclusively for the treatment of narcotics addicts. Presently, most addicts are treated at state hospitals in Warren, Norristown and Danville and the U.S. Rehabilitation Center at Lexington, Ky.

Walter also pointed to Pennsylvania's new law on drugs and cosmetics as a big step toward stamping out illegal dope traffic.

## JUDGE ALPERN IS APPROVED

HARRISBURG (AP)—Anne X. Alpern once again is a judge of Allegheny County Common Pleas Court after making history as Pennsylvania's first woman attorney general and Supreme Court justice.

Acting swiftly on her appointment made last week by Gov. Lawrence, the Senate Monday confirmed Miss Alpern for the \$22,500-a-year judgeship.

The vote was 48-2 with Sens. Thomas Ehrsgood, R-Lebanon, and Henry J. Prosser, R-Montgomery, opposed. However, the ballot was in marked contrast to the 34-16 vote she was given last summer for an interim appointment to the State Supreme Court.

## A Lovelier You

**By MARY SUE MILLER**

**I-DEAL.** A lovely asks: What do you do when you have puffy, white circles under the eyes? Mine look positively clownish.

The Answer: You first try to control puffiness. Then you use make-up to conceal discoloration. Actually the methods work hand-in-hand, or should we say eye-to-eye!

In diminishing puffs, the first move is a medical check. Often a small systemic disorder—or a disordered health regimen—is the cause of swelling around the eyes. Your doctor is the best judge.

Whatever their cause, however, puffs temporarily decrease via compresses—alternate applica-

tions of hot and cold water. For this purpose the handiest compress is a quilted absorbent cotton pad.

Sometimes swelling can be limited by sleeping with your head propped on several pillows. But here again you should ask your doctor's advice.

In the make-up area, ash circles respond to make-up base. You need two—one to complement your complexion, and one that is several shades darker. You apply the darker base to the circles, let it dry and then film the entire face with the lighter shade.

As additional helps: never let rouge slip into the circles; wear a shade of powder that exactly matches your overall base; avoid blue-toned lipsticks. In such ways the problem is so minimized that it goes unnoticed.

## THE EYES OF YOUTH

You are not lost to youthful beauty because of dark circles, puffiness, or wrinkles around the eyes. These problems can be brought under control by proper skin care, cosmetic applications, health habits and facial expressions. Methods are detailed in my leaflet, "THE EYES OF YOUTH. ery, opposed. However, the ballot was in marked contrast to the 34-16 vote she was given last summer for an interim appointment to the State Supreme Court.

**OTHERS CONFIRMED**  
Miss Alpern, 57, succeeds Justice Henry X. O'Brien who defeated her for a 21-year-term on the high court last November.

She served on the Allegheny County bench for five years prior to her appointment by Lawrence in 1959 as the state's chief legal officer.

The Senate also confirmed, by votes of 50-0, 20 other appointments made by the governor, including four workmen's compensation referees.

The referees are William E. Miller, Pittsburgh; Harry E. Diehl, Claysburg, Blair County; Isadore E. Krasno, Pottsville, and David R. Eaby, Ephrata.

"MY LITTLE GIRL"

My little girl is growing up... she's all of ten years old... she's getting to be quite a bundle... for her dad to hold... with every passing day it seems... she changes more and more... my princess soon will be a queen... for here there's much in store... her ship of life is sailing... toward a strange new land... I hope she has the wisdom... to learn and understand... though I am thrilled to see my flower... bursting forth in bloom... there is something about it... that cloaks my heart with gloom... for not too many moons away... my darling will take leave... gracing the throne of womanhood... leaving my heart to grieve.

There were no injuries, but Benie Willis' car was a casualty. The car, parked two blocks from the launching pad, served as impact point for the wayward tank.

NEW YORK (AP)—Former President Harry S. Truman says interests which he accuses of trying to "steal" Tennessee Valley Authority power "will do best to steal the peaceful use of atomic energy from the public."

Truman did not identify the interests when he made the statement Monday night at a Democratic dinner.

He said in conclusion: "Don't let them steal it away. Don't elect any more Republicans."

## Water Heater Is Hurlled 100 Yards

LOS ANGELES (AP)—A water heater shot aloft Monday night, hitting a probable altitude of a hundred yards or so and traveling two blocks.

Officials said it was the longest heater flight of the year here.

The unguided missile was hurled, unintentionally, by an explosion in an apartment house. The blast was attributed to probable leaking gas.

There were no injuries, but Benie Willis' car was a casualty. The car, parked two blocks from the launching pad, served as impact point for the wayward tank.

## ASK MILLIONS FOR COLLEGE CONSTRUCTION

WASHINGTON (AP)—A bill to provide \$300 million a year in federal funds to help the nation's colleges build classrooms, libraries and laboratories came up in the House Tuesday.

Missing from the measure is a section that would provide for 40,000 federal scholarships. Democratic sponsors of the measure abandoned the provision in order to smooth passage for the construction program.

The White House reportedly has gone along with the strategy although President Kennedy made both scholarships and construction key parts of his higher education program.

## WOMAN IS AUTHOR

Rep. Edith Green, D-Ore., is the author of the House bill, which would offer \$180 million a year in grants and \$120 million yearly in loans for five years—a total outlay of \$1.5 billion.

The grant program would be administered by a state agency representing all higher educational institutions, both public and private. In some states such an agency would have to be created. Each state would get an allotment and the state agency would determine the specific grants.

Under the loan program colleges would apply directly to the U.S. Office of Education for 50-year loans at low interest rates.

The Senate is also scheduled to begin consideration of a college aid bill this week, but with a scholarship program included.

His widow, Harriet, has been seriously ill at home for some time.

The mother, Mrs. Harry Nugent, was reported in serious condition today after undergoing surgery at a Jackson, Miss., hospital. But attendants said she is improving. Nugent was reported in satisfactory condition.

## Hanover Whips Warriors 53-39 In League Contest; Local Reserves Defeated

Hanover High led from start to finish in handing the Gettysburg High Warriors a 53-39 lacing on the Nighthawks' floor Tuesday evening as second-half play in the South Penn Basketball League got underway.

The loss was the 10th straight for the Warriors and leaves them with a 1-12 overall mark. Hanover is now 5-11.

John Seidenstricker, who topped all scorers with 19 points, pumped through three goals to lead Hanover to a 13-6 advantage at the end of the first period. The Warriors were held to six tallies which came on goals by Tom Duane and Dick Crist and free tosses by Duane and Eddie Zeigler.

The closest Gettysburg could get in the second frame was four points at 17-13 after Jim McClellan netted a pair of goals and John Longanecker one but three straight goals by Pete Rhodes, Seidenstricker and Jack Shafers made it 23-13 and from then on the Hawks enjoyed a comfortable lead. At half time Hanover led 23-15.

### REBOUNDING WEAK

Hanover took command in rebounding, particularly on the offense, and pulled steadily away in the third quarter with a well-balanced attack. Crist sank five fouls during the period while McClellan added a goal and foul and Duane a twin-pointed to account for the Warriors' points as the frame ended 43-25.

In the first four minutes of the final round Gettysburg cut the Hawks' lead to 57-35 on a trio of goals by Bob Crandall and one each by Crist and Ron Dettenburn. Jim Grove swished a pair of fouls for the Hawks and Duane retaliated with a goal. Thereafter reserves from both benches played out the waning moments.

The Warrior reserves were outscored in each period as they lost the preliminary 47-29 for their eighth setback in 12 starts. Bob Shue was the ace for the winners with 21 tallies.

## Bullets Meet Mules Tonight Prelim At 6:45

Another big crowd is expected to turn out tonight when Bob Hulton's high-flying Gettysburg College Bullets seek their seventh straight basketball victory at the expense of Muhlenberg in the spacious gymnasium of the new physical education building.

There has been a heavy advance sale of tickets but there are plenty of good seats still available in the 3,000-seat gym. Tonight's throng will be swelled with the return of the student body after the midsemester recess.

The Bullets, 9-3 overall and 4-1 in the Middle Atlantic Conference, are fast developing into one of the finest defensive outfits in the area which has played a big role in their recent successes.

Muhlenberg comes here with a 3-9 record and 0-5 mark in the M.A. The Mules turned in a fine effort in their last outing despite losing 69-59 to powerful Lafayette. Coach Ken Meyer has the following lettermen from last year: Chris Hiotis 6-2, Ron Hoffman 6-1, John Panchak 6-2, Don Schoenly 6-4, and John Superka 6-2. Last year the Bullets whipped the Mules twice.

The Bullet Freshmen (5-5) will resume their schedule after a long layoff when they oppose the Mule Frosh at 6:45.

## HERD KEEPS WINNING AS CANNERS BOW

Biglerville High's cagers threw a scare into unbeaten Carlisle Tuesday evening at Biglerville but faded in the last half as the Thundering Herd galloped to its 15th straight victory 70-48.

The Cannners trailed only but Carlisle poured through 18 points to open the third quarter and erase all chances of Biglerville's pulling an upset. At the end of the third quarter the Herd held a comfortable 55-30 lead.

Phil Pitzer and Bill Sammi connected for 17 and 14 points, respectively, for the Cannners. Four Carlisle players hit double figures with Dave Lebo leading the pack with 21.

Carlisle's reserves also won the preliminary 44-33.

Biglerville travels to Waynesboro Friday evening for a non-league engagement.

## Bowie Meet Will Open February 9

BOWIE, Md., — Bowie's stable area is rapidly filling as the date draws nearer for the opening of the 40-day meeting which opens the 1962 Maryland racing season on Friday, February 9.

Recent arrivals include additions to the large public stable of trainer J. Bowes Bond from Florida and from nearby training farms. Bond, the Marylander who is perennially among the leaders during the Bowie meeting, has received Jaclyn Stable's Li'l Fella, winner of the Brandywine Handicap at Delaware last season and a stakes winner for the past three years.

Bond also has in his barn Leon de Leon's speedy Tuscan Spy, who has been named for the \$10,000 added Southern Maryland Handicap on February 17.

Trainer Raymond Archer has a large contingent on hand including Anthony Fabrizio's Sweet Evenin', a likely starter in the George Washington Stakes for three-year-olds on February 24. Archer is expected to add Alfred T. Taylor's veteran stakes mare, Miss Orestes, and point her for the \$20,000 added Barbara Fritchie Handicap on March 3.

New Oxford handed Bermudian a surprise setback 50-46 Tuesday evening on the Colonials' floor, a nine-point spurge in the third period breaking a 31-31 deadlock and sending New Oxford to its victory.

Foul shooting featured the game. New Oxford bagging 16 of 24, Dave Meckley and Mike Hult led the Colonials with 15 and 11 points while Tom Hardy topped the Eagles with 16.

The hot-shooting unbeaten Greencastle outfit breezed to an 85-49 victory over Littlestown on the latter's floor. The Blue Devils swished 35 of 60 shots from the floor as compared to 16 of 57 for the Bolts. In rebounding Littlestown held a 31-27 edge.

Dale Bair rimmed 17 points to lead Littlestown while Dixon was high man for Greencastle with 20. Victoryless Fairfield succumbed to St. Thomas 55-45 at Fairfield, a poor second period in which they were outscored 14-6 proving fatal.

George Haines and Tom Reinhardt sank 13 and 12 points respectively for Fairfield with the Saints being led by Breckbill, Staller and Harrison who combined for 43 tallies.

In other games Scotland whipped James Buchanan 74-51 and Fannett-Metal upset Quincy 62-50.

## MAUCH IS SURE PHILS WON'T END IN CELLAR

By RALPH BERNSTEIN  
Associated Press Sports Writer

PHILADELPHIA (AP)—Manager Gene Mauch is sure of two things: (1) His Philadelphia Phillies won't finish 10th in the expanded National League and, (2) "We'll win a helluva lot more games than we did last year."

Mauch, here for conferences with General Manager John Quinn sat down with newsmen and discussed frankly the future of what many experts described last year as one of the worst teams in baseball history.

The Phillies won 47 and lost 107 in 1961, no record, but enough to send owner Bob Carpenter to his fishing haunts more often than the ball park. Carpenter, Quinn and Mauch are determined it won't happen again.

Mauch bases his hopes for improvement on the off-season acquisition of power hitter Roy Sievers, a .295, 93 RBI, 27 home run performer for the Chicago White Sox in 1961; third baseman Andy Carey, utility infielders Billy Conso and Frank Torre, and general improvement of the club's younger players.

The manager, however, is concerned about one thing—whether shortstop Ruben Amaro gets out of the service in time for the 1962 season. Amaro, a brilliant fielder, is the keystone of the Phillies' infield.

## HUGE MISSILE LIGHTS SKIES ALONG COAST

ATLANTA (AP)—The aurora borealis or "northern lights" sometimes puts on a fiery show of heavenly beauty that can be seen deep in the heart of Dixie.

Now comes the "aurora titanalis," fathered by a mighty Titan rocket fired from Cape Canaveral, Fla., and named by a Weather Bureau meteorologist weary from answering calls about strange, brilliant lights in the sky Monday night.

### COMPLETES TESTS

The pyrotechnics kicked off by the intercontinental range missile were spotted along the Atlantic Coast from Miami, Fla., to Virginia.

As the huge rocket blazed into the cold air of the upper atmosphere at dusk, it created a brilliant vapor trail illuminated spectacularly by rays of the setting sun, below the horizon.

The firing closed out the Titan I test program that began at Cape Canaveral four years ago. The Air Force said the missile achieved all test objectives in streaking 5,000 miles to a target area near Ascension Island in the South Atlantic.

### "UMBRELLA CROWD"

A major goal was to test an advanced inertial guidance system for the Titan II, the most powerful military missile currently planned by the United States. Titan II tests will begin at the Cape in March.

Titan I's finale set telephone switchboards buzzing at newspapers, police stations and weather bureaus along the lower East Coast.

The sight was described by some as a "big, filmy balloon, hundreds of miles across," by others as a "terrible flash of light—like an umbrella cloud with a rocket ball of fire going from it."

## 'Liberte' In Final Trip Overseas

LA SPEZIA, Italy (AP)—The transatlantic liner *Liberte* came Tuesday to her last port of call. The former pride of the German and French merchant fleets arrived from Le Havre for demolition at the Terestre Marittima shipyards.

One hundred and fifty workers will take nine months to reduce the ship to 33,000 tons of scrap metal. The *Liberte* was built in 1928 as Germany's *Europa*. She was ceded to France in 1946 as war reparation.

## RUSSIAN PAIR GUESTS OF JFK

WASHINGTON (AP)—Soviet Premier Khrushchev's daughter and son-in-law are having lunch today with President and Mrs. Kennedy at the White House.

The son-in-law is Alexei I. Adzhubei, editor of *Izvestia*, official Soviet government newspaper. He interviewed Kennedy last fall at the President's Cape Cod home.

Adzhubei told newsmen at an embassy reception Monday night the case of former Soviet Foreign Minister V. M. Molotov "has no significance in our country."

In answer to newsmen's questions, he said the mystery surrounding Molotov's fate does not mean any resurgence of the so-called "anti-party group" in the Soviet Union, a group which has opposed Khrushchev policies.

### MAYBE HE'S "SICK"

He said Molotov is an old man and perhaps has been sick. The Molotov case made headlines in the West when it was announced he was returning to a diplomatic post in Vienna. Later it was announced he was not returning.

The White House luncheon was announced last Wednesday, two days after the president's brother, Atty. Gen. Robert F. Kennedy, declined an informal invitation to stop off in the Soviet Union on his world trip.

The White House, however, ascribed no particular political significance to the invitation. Press secretary Pierre Salinger said Adzhubei had asked to meet with Kennedy again and the President had volunteered to be host at a luncheon.

### "MUTUAL TOPICS"

In another move apparently aimed at improving East-West communications, Salinger met in Paris Monday with his Soviet counterpart, press chief Mikhail Khramov.

There was speculation that the purpose of Salinger's trip was to arrange a possible exchange of television interviews by Kennedy and Khrushchev. Salinger declined to comment on this.

"We had an informative discussion of a number of mutual topics in the field of communications and we came to no decisions," he said upon landing in New York Monday night.

Adzhubei, who interrupted a Latin American tour with his wife to keep the luncheon date at the White House, said he was pleased to talk with Kennedy because it is important to have "all possible contacts between our two countries."

He added, however, that this is not the time for "big steps" in the improvement of relations—such as a U.S.-Soviet peace treaty—but that it is a time for work on many "small steps."

Adzhubei, talking to newsmen through an interpreter at the Soviet Embassy reception, conceded there are what he termed "family quarrels" in the Communist world. That's the way he described the increasingly acrimonious disputes between the So-

viet Union and Red China over policy and ideology.

counterpart, press chief Mikhail Khramov.

There was speculation that the purpose of Salinger's trip was to arrange a possible exchange of television interviews by Kennedy and Khrushchev. Salinger declined to comment on this.

"We had an informative discussion of a number of mutual topics in the field of communications and we came to no decisions," he said upon landing in New York Monday night.

Adzhubei, who interrupted a Latin American tour with his wife to keep the luncheon date at the White House, said he was pleased to talk with Kennedy because it is important to have "all possible contacts between our two countries."

He added, however, that this is not the time for "big steps" in the improvement of relations—such as a U.S.-Soviet peace treaty—but that it is a time for work on many "small steps."

Adzhubei, talking to newsmen through an interpreter at the Soviet Embassy reception, conceded there are what he termed "family quarrels" in the Communist world. That's the way he described the increasingly acrimonious disputes between the So-

viet Union and Red China over policy and ideology.

## U.S. MAY BUY \$100 MILLION IN U.N. BONDS

WASHINGTON (AP)—President Kennedy's proposal that the United States buy \$100 million in United Nations bonds went to Congress Tuesday.

The formal request for congressional approval of the purchase—which Kennedy has called "clearly in our interest"—could touch off a full scale debate on the U.S. role in the United Nations.

The President, in his State of the Union message, said purchase of the bonds "will not only keep the United Nations solvent, but require all voting members to pay their fair share of activities."

The proposed bond issue, totaling \$200 million, is to be retired out of general assessments, which all U.N. members pay. The money is required to pay debts arising from U.N. Congo operations. Several nations, notably the Soviet Union, France and Belgium, have refused to pay special assessments for the operations.

### SOME OPPOSITION

Several congressmen have said they are opposed to the bond purchase and to the U.N. military actions on behalf of the Congo central government, actions warmly backed by the Kennedy administration.

The Senate African Affairs subcommittee, headed by Sen. Albert Gore, D-Tenn., has been holding closed hearings this month on U.S. support of the U.N. military campaign against secessionist Katanga Province.

Since the United Nations was founded, the United States has contributed about \$1.2 billion of the \$2.7 billion spent. However, administration spokesmen note that the U.S. share has declined proportionately as new members were admitted.

## Jehovah Witness Teacher Is Fired

UTICA, Mich. (AP)—A teacher who refused to direct his students to sing the national anthem or to pledge allegiance to the flag will not have his contract renewed.

The Utica Board of Education voted Monday night not to renew the contract of Charles McManigal, 27, a teacher at Sterling Junior High School.

McManigal said that, as a Jehovah's Witness, he looked upon the flag as an idol and could not take part in the pledge or in singing the anthem.

UTICA, Mich. (AP)—A federal grand jury charged two former employees of the Sister Elizabeth Kenny Foundation today with taking nearly \$360,000 in kickbacks from contributions to the foundation.

Atty. Gen. Robert F. Kennedy announced the charges were made in an indictment returned in Minneapolis, Minn.

He said the 16-count indictment charging mail fraud also named as defendants four executives of Chicago direct-mail firms and a former auditor of the foundation.

The mail firm executives were accused of diverting to the two foundation employees some of the money paid to the firms for soliciting contributions. The auditor was accused of falsifying audits of the foundation's books.

Kennedy said the defendants are:

Marvin L. Kline, 57, former executive director of the foundation, and Fred Fadell, 53, former publicity agent of the foundation, both of Minneapolis.

American League pitchers gave Mickey Mantle 126 bases on balls during 1961. Roger Maris was next highest in walks on the Yankees with 95. Clete Boyer was third with 63.

tion's food abundance while balancing future production with needs, conserving farm resources and developing low-income rural areas.

## BIG THREE FIRST

The tighter controls would be applied, in the beginning, to the three big surplus products—wheat, feed grains and dairy products. They would require approval by at least two-thirds of the producers voting in three separate referendums.

Briefly, here are the programs proposed for these products:

Wheat — Reductions of possibly much as 20 per cent in the years immediately ahead in acreage al-

said. "He threw the pole into the air to grip it in the center and lost his balance. This threw everybody else off balance and down they went."

lotments and marketing quotas from the 1961 level. Growers will get a somewhat higher price support for grain used for food in the domestic market and a lower one for wheat sold for export. All wheat now is under the same support level.

## THREAT TO DUMP

Should the program be rejected, the government would withdraw all supports and reserve the right to dump up to 200 million bushels of its surplus grain on markets. The government could, if it saw fit, make payments on land diverted from wheat. The present program provides for supports, but at a reduced level, if controls are turned down.

Feed grains — Acreage allotments and marketing quotas would be set for the four major feed grains—corn, oats, barley, and sorghum grain.

In the past, only corn has been grown under allotments and none of the four grains has ever been subjected to marketing quotas.

Payments could be made on land diverted from these grains, as is being done now. But all supports would be reserved for the right to sell up to about 350 million bushels a year of its surpluses if controls were voted down.

Dairy products—For the first time, marketing allotments would be set on all dairymen. The government would attempt to support prices up to 90 per cent of the parity price, but not in excess of \$300 million a year for supports, or about half this year's expected cost.

Should allotments be rejected, supports would be lowered and no matter how large surplus supplies became, the government would spend no more than \$300 million a year on them.

## SUBSIDIES FOR SCHOOLS GET ATTENTION OF LEGISLATURE

HARRISBURG (AP)—The legislature turned to Gov. Lawrence's \$1 billion general fund budget and school subsidies Tuesday after disposing of the months-old congressional reapportionment controversy.

The reapportionment issue was closed as a legislative issue Monday when the governor signed a plan reducing the state's congressional delegation from 30 members to 27.

The House Appropriations Committee takes up the 1962-63 budget today and the Republican House members planned to raise the school subsidy issue when the full House convened later in the day.

**TOTAL WON'T CHANGE**

Chairman J. Dean Polen of the Appropriations Committee said the committee will not make any major changes in the governor's spending proposals.

"There will be some cuts, some adjustments, some changes," he said in an interview, "but the total will be about the same."

The Republican plan, however, would have a major impact both on the current budget and the new (1962-63) budget.

House Minority Leader Albert W. Johnson had drawn some 100 pages of amendments adding \$9.1 million to the school appropriations in the 1962-63 budget.

**TO FORCE HOUSE VOTE**

It was his intention to offer them for a bill before the House which would make up \$7.2 million in deficiencies in the current budget approved by the 1961 legislature.

The course chosen by the GOP would force the issue to a vote by the full House. If Johnson had chosen to introduce a separate bill it faced the prospect of being pigeonholed in Polen's appropriations committee.

Either way, the Democratic majority was expected to reject the GOP plan on the grounds there is no money to finance the extra spending.

**SURPLUS WOULD GO**

The Lawrence administration has projected an \$8.9 million surplus when the current fiscal year ends June 30, but it has added this amount to the new budget to help balance it.

The \$9.1 million GOP proposal would wipe out that surplus. Johnson maintained that the money could be found by holding down the state payroll.

Both House and Senate scheduled sessions today although the Senate planned only a routine session before quitting for the week. The House also plans to meet Wednesday.

**SPECIAL SESSION OVER**

The reapportionment action ended the first special session of the legislature since 1944. It also was the first time in history that a special session ran concurrently with a regular session. The reapportionment plan had to go to a special session because the constitution limits the regular session to fiscal matters, appointments and constitutional amendments.

## British Officer Defies 800 Congolese Soldiers To Rescue Missionaries

By PETER GROSE

LEOPOLDVILLE, the Congo (AP)—A quiet British army officer is the new hero of the Congo after defying spears and rifle bullets to rescue European missionaries from the no man's land of north Katanga.

Maj. Dick Lawson, 35, a career officer serving with the U.N. forces here, told a news conference Monday he marched alone past 800 Congolese soldiers to rescue a Roman Catholic priest and that later he faced a frenzied mob of villagers who screamed for his death as a spy and invader.

But Lawson rescued five Roman Catholic Church workers and said he arranged for the safe passage of several dozen others from the north Katanga wilds separating mutinous units of the Congolese army and the Katanga gendarmerie.

### DEFIES 800 SOLDIERS

He said there were no more Europeans in north Katanga.

Lawson, who grew up in the peaceful English countryside, volunteered to make two missions—one of them alone—into north Katanga where 22 white men were slain by Congolese soldiers in a New Year's Day massacre.

On his first journey, Jan. 23-24, Lawson was dropped off at a landing strip in Kongolo by a U.N. airplane that took off immediately.

"About 800 soldiers were crowding the Kongolo airfield," he said. "I jumped off the moving plane as it turned around, then walked the length of the airfield toward the troops. No shots were fired—I would have jumped out of my skin if they had."

### SAVES A PRIEST

He worked his way past the troops to the pillaged town, scene of the massacre, and found one white priest. Lawson brought him back to Leopoldville the following day. He declined to say how he got back lest he endanger the lives of Congolese who helped him.

Lawson flew back to Kongolo on Jan. 27, this time with a Nigerian army major and a 17-year-old guide. Commandeering a car, they drove to a village on the border of territory controlled by Katanga President Moise Tshombe's forces to arrange for evacuation of three nuns and eight priests.

### TROUBLE STARTS

"Then the trouble started," he said. "While we were talking, the entire population of the village arrived, and it was quite obvious

HOUSE IS READY TO OK SPENDING BUDGET FOR PA.

HARRISBURG (AP) — The House was ready today to give preliminary approval to \$1,000,958,666 in budget requests by Gov. Lawrence.

The action would put the administration's spending program in position for final passage next week. House approval would hammer out an agreement on the plan before the governor's suggested March 1 adjournment.

**SHOWDOWN DELAYED**

The House Appropriations Committee sent the program to the floor Tuesday with only minor changes that resulted in a net increase in the budget of \$71,209.

The committee also approved an additional \$41,600 for the current budget.

A showdown in the House Tuesday on state school subsidies was postponed as Democrats threatened to join the Republican-backed move to increase them by \$9.1 million.

The GOP minority had planned to submit amendments appropriating that amount to the nearly 2,200 school districts in the state.

**UP NEXT MONDAY**

House Majority Leader Stephen McCann, however, asked that the fight be put off until Monday to allow his members time to study and to discuss the GOP proposals.

McCann told a newsman later that there were members on his side ready to vote for the increased subsidies. Republicans have 101 members—five short of the votes needed to pass their program—and it would take only a handful of Democratic votes to put it across.

That would leave to the Senate—where the parties are evenly divided at 25 members each—to de-

side whether to send the program to Lawrence, where it would face a veto.

WON'T LET OKAY

The governor has said that he would not approve any increases in his \$1 billion general fund budget for 1962-63 unless the legislature also approves means to finance the increases.

In other legislative developments:

**Milk Control**—Republicans enlivened an otherwise calm Senate session by attacking the State Milk Control Commission.

Sen. Robert Fleming, R-Allegheny, denied that his request for a special legislative investigation of the price-regulating agency was politically inspired.

He told the Senate he was "astounded" that Lawrence criticized his proposal.

SCHOOL RESOLUTIONS

"Surely," said Fleming, "the governor is aware of the public indignation at the actions of this board and its callous attitude toward the consumer."

Sen. William J. Lane, D-Washington, countered that he thought the Fleming proposal was politically motivated.

"We shouldn't play politics with good clean milk which our children need," said Lane.

**School Reorganization** — Seven Republicans introduced a resolution calling for a moratorium on school merger proceedings under a 1961 law until the 1963 legislature can amend or repeal the statute.

When Jack (Tex) Evans scored a goal for Chicago against Detroit in October it was his first goal in 195 National Hockey League games. He's a 33-year-old defenseman.

Rookie Jake Wood of the Detroit Tigers made five hits in a game against the Chicago White Sox last Aug. 8.

ACTOR SCORNS BAD LANGUAGE ON TELEVISION

By CYNTHIA LOWRY AP TV-Radio Writer

NEW YORK (AP) — Since the beginning of broadcasting, speech purists have been mourning the constant attrition of our language from the mouths of the performers.

All of us have noted the extemporaneous speech of the jolly masters of ceremonies whose occupational problem seems to be "I-me" confusion ("It's so nice of you to visit the show and I").

One newspaper changes the title of the ABC show, "Who Do You Trust?" to "Whom do you Trust?" when it turns up in its news columns—as opposed to its program listings.

TASTING SMOKE

Even though it's a vintage sales pitch, many sensitive viewers still flinch when a smoke is alleged to taste "like a cigarette should."

Tony Randall, actor and lover of the English language, is among those disturbed at the trend.

"Time was when actors considered it part of their jobs to preserve good speech," said Randall sadly.

"Today," he continued sternly, "the man who is considered a good actor is likely to speak worse than the average man—and mumble, in addition."

Randall, who speaks out and enunciates clearly, will be visible and making pear-shaped sounds next Monday night in NBC's 90-minute special, "Arsenic and Old Lace."

"I play the nephew," he said. "You remember, the only sane member of the family."

NIXON AND PAAR

Jack Paar's guest next Monday night will be former Vice President Richard M. Nixon—a return. Presumably, other candidates in the California gubernatorial race will thus become eligible for equal time.

Herbert Brodtkin, producer of CBS' consistently interesting series, "The Defenders" is broadening his executive base: a series of hour-long thrillers called "Espionage" to be made in England and partly financed by NBC.

Jack Benny's daughter, Joan, will turn up in a sketch on her father's show Sunday—a belated return. She was on the show once before, in 1954.

Recommended tonight: Perry Como Show, NBC, 9-10 (EST)—Lena Horne, guest star.

The Detroit Tigers won 101 American League games last season, matching the club high set by the 1934 champions.
